MEMORANDUM FOR: Legislative Counsel  
THROUGH : Deputy Director for Management & Services *PW*  
SUBJECT : Proposed Reply Covering H.R. 8865  
REFERENCE : OLC 73-0794/a (DD/M&S 73-4052)

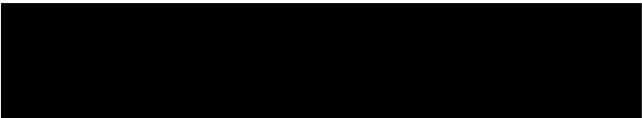

1. We have reviewed H.R. 8865, "To amend the Internal Security Act of 1950, to establish a Central Review Office for the coordination of loyalty and security programs administered by Federal agencies," and your proposed response to Congressman Richard Ichord's letter to Mr. Colby.

2. Your proposal that the Agency be granted a complete exception has our full concurrence. However, we suggest that the next to the last paragraph of your response be deleted for the following reasons:

a. Mr. Ichord's letter was addressed to Mr. William E. Colby, Director, Central Intelligence Agency, and not to the Director of Central Intelligence. Presumably, other intelligence departments and agencies have received a similar letter. It is doubtful, therefore, that our response should commit the entire intelligence community to participate in training programs under the control of someone outside the intelligence community; i.e., the Director, Central Security Review Office.

b. Participation in training programs envisaged by the proposed bill could be expensive in terms of manpower, not a particularly inviting prospect in these days of reduced resources.

3. Please advise if any additional data are desired.

  
Howard J. Osborn  
Director of Security
